

FRA exceptional call for projects - Letter of Intent

must be fully completed, please return to aap@alzheimer-recherche.org

by 10th July 2026 at the latest

Presentation of the consortium:

- Name of the consortium:
- Number of research centers involved (*and countries*):
- Number of partners involved (*and countries*):
- Name of the **French** partner who will coordinate the consortium:

Project general information:

- Title of the project:
- Project type: clinical translational preclinical
- Project category: therapeutics fluid biomarkers genetics neuroimaging physiopathology

Project description:

- Rationale for the entire project of the consortium (*2500 characters maximum*):
- Main objective and expected results by the consortium (*2000 characters maximum*):
- For each partner, detailed objective and expected results (*800 characters maximum*) as well as methodology (*1500 characters maximum*):
- Expected clinical benefit (*1500 characters maximum*):

For each partner, presentation of the group leader (*please attach the group leader's CV*):

- Title / position:
- Last name:
- First name:
- Date of Birth:
- Email address:
- Phone number:
- Home institution (*if different from the research location, see below*):

For each partner, presentation of the research location:

- Affiliation / institution of attachment:
- Denomination (*department or laboratory*):
- Address:
- Title / position, last name and first name of the director of the unit (*if different from the group leader; please attach the director's CV*):
- Briefly describe the institution and its contribution to the health system and to research in Alzheimer's disease and related disorders (*400 characters maximum*):
- Provide a list of up to five relevant research outputs (e.g. publications, patents, methods, software, etc.) within the last five years, which demonstrates the competence to carry out their part of the project

Funding requested:

- Total amount (€):
- Duration:

Date:

Signature (French coordinator):
